

Medlogix®
Expect exceptional.

INDEPENDENT MEDICAL EXAMS

When you need an independent, objective assessment to determine the medical necessity of treatment, Medlogix's IME solution is the answer. Our robust, multi-specialty offering of IME providers deliver objective assessments while demonstrating fairness and respect for the injured person. Our highly-credentialed network of IME providers represents all relevant medical specialties. Medlogix's IME Services are available for First and Third Party Auto as well as Workers' Compensation lines of business.

Program Features:

- Easy Referral via secure, user-friendly MyMedlogix web portal
- Scan and store all documents on-line
- Schedule Coordination
- 24/7 access to track all activity in real time
- Immediate notification when an appointment is missed
- Nurse QA report review
- Concise defensible reports
- Medical expert testimony available
- ROI Reporting

It's why we say with confidence, when you partner with Medlogix, you should "Expect Exceptional"
